

802.11n Access Points

AP121

AP141

AP121/AP141

The AP121 and AP141 access points provide 2x2:2 802.11n as well as optimized RF performance and enhanced receive sensitivity to provide a groundbreaking user experience for networks supporting multiple types of clients, including consumer-grade and bring-your-own devices (BYOD). The AP121 and AP141 are cost-effective, enterprise-grade 2x2 MIMO solutions, which are ideal for education, healthcare, and distributed enterprise environments. With two radios, concurrent 2.4Ghz and 5Ghz access, and security scanning across both bands, the AP121 and AP141 provide top performance and security at an entry-level price point.

Unlike the AP121, the AP141 has an external antenna option.

AP330

The AP330 access point is a high performance 802.11n access point with cloud-enabled management, on-demand provisioning, and integrated tools like spectrum analysis and application visibility and control. It provides high-performance dual concurrent (2.4Ghz and 5Ghz) radio 802.11n access and is designed for high bandwidth wireless enterprise environments. With multiple radios running 3x3 three spatial stream MIMO, the AP330 can provide an aggregate data rate up to 450Mbps. In addition, the AP330 can support legacy 802.11a, b, and g clients and interoperate with the rest of the Aerohive Cooperative Control devices.

AP350

The AP350 access point is a rugged, high performance 802.11n access point with cloud-enabled management, on-demand provisioning, and integrated tools like spectrum analysis and application visibility and control. It provides high-performance dual concurrent (2.4Ghz and 5Ghz) radio 802.11n access and is designed for rugged, high bandwidth wireless enterprise environments. With multiple radios running 3x3 three spatial stream MIMO, the AP350 can provide an aggregate data rate up to 450Mbps. In addition, the AP350 can support legacy 802.11a, b, and g clients and interoperate with the rest of the Aerohive Cooperative Control devices.

About Aerohive

Aerohive (NYSE: HIVE) enables our customers to simply and confidently connect to the information, applications, and insights they need to thrive. Our simple, scalable, and secure platform delivers mobility without limitations. For our customers worldwide, every access point is a starting point. Aerohive was founded in 2006 and is headquartered in Sunnyvale, CA. For more information, please visit www.aerohive.com, call us at 408-510-6100, follow us on Twitter [@Aerohive](https://twitter.com/Aerohive), subscribe to our [blog](#), join our community or become a fan on our [Facebook](#) page.
